Remember the Club Meetings the 3<sup>rd</sup> Tuesday of each month at the Oshawa Legion on Simcoe Street South at 19:00.

October 21<sup>st</sup>.

November 18<sup>th</sup>

December 16<sup>th</sup>

+++++

## Have you heard the news??

### Canadian Special Event Prefixes

All radio amateurs in Canada are encouraged to participate in the upcoming 'Special Event Prefixes' between October 1st and November 30th.

The special event prefixes commemorate the founding of the Crown Colony of British Columbia in 1858.

Look for radio amateurs in Canada to use the following prefixes:

VE > CK

VA > CJ

VO > CY

VY > CZ

(ex. VE7DAO would become CK7DAO and VA7DAO would become CJ7DAO)

For more details, visit the following Web site at: <http://www.hambc150.info>

+++++

They say life is what happens while you were making other plans. That certainly was the case in August and September this year. The bulletin is somewhat abbreviated because of the time of issue. By now you will know about the triumphs of the Scugog Circle Century Tour, The Terry Fox Run and Paul's Dirty Enduro. No doubt you're gearing up for the CIBC Run for the cure. We've got a lot to be proud of as a Club. It's also time to start thinking about the coming 'radio season'. I'm told that antennas work best when put up in the freezing cold.

Your scribe,

Ken  
VE3RMK

## FREE ARRL Repeater Book with purchase of any 2 Metre or Dual Band Transceiver

- NEW handy indexing tabs on the cover (quickly find listings)
- NEW easier-to-read listings
- Repeater notes located up front!
- Icons now identify "open" or limited access repeater systems.

### AT-100 PRO 125W Autotuner

It will match virtually any coax-fed antenna really fast (almost instant tuning if you have used that frequency before) Handles 1-125W (100W) on 6 metres. Very simple to operate. Latching relays are used so that current draw is effectively zero when not tuning!

**Reg. \$249.00 Sale \$224.97**

### Lightweight Switching Power Supply

The JTPS28M weighs just 4 lbs yet powers modern 100W HF rigs. 25 Amps @ 13.8 VDC DC voltage is adjustable from 9 - 15 VDC. Dual large easy-to read meters. Switchable 110/220VAC operation.

**Reg. \$139.00 Sale \$115.97**

### UVS-300 Dual Band Base Antenna

Similar in appearance and performance to the Diamond X500 but sells for less than half the price! 9/11 dB gain

- 204.7" tall
- 200W power handling
- Fiberglass Construction
- SO-239 Connector

**Reg. \$169.00 Sale \$128.97**

## 15% Off All in Stock Tivoli Audio

NSARC Members

You MUST mention this offer when you place your order.

### WiFi Radio is all the Rage!

Add excitement to your entertainment system with the Sangean WFT-1 WiFi component tuner.
