Behind The Mike

Hi Everyone!!

Hope summer is treating everyone well so far and that the bands are being good to you. August is upon us and almost complete since we are already 1/2 way through the month so far.

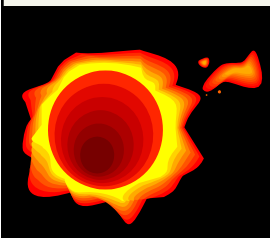

Want to remind everyone that Larry **VA3FHG** is organizing the Ride 4 United Way and if I am correct may still be looking for a couple more volunteers to help out with that event. If you are able to spare August 25th and have access to a handheld radio please email Larry **VA3FHG** and offer to help him out with Ride 4 United Way. Back in July he was still looking for 4 more volunteers for this.

Just a reminder to everyone after Ride 4 United Way is done, we have the club BBQ on September 17th which will be held this year at the repeater site and ran as a sermon on the mount. The club will provide the hot dogs, and hamburgers, coffee, tea and bottled water, condiments and buns for hamburgers and hot dogs, and the paper products to serve the food on and Joe **VE3VGJ** and Doug **VA3DCE** are graciously providing the corn on the cob and all the fixings for the corn again this year. The repeater site is at Purple Woods Conservation Area located on Simcoe St. North just at the top of the hill north of Raglan Rd. We will be meeting for 1830 hrs that evening instead of the normal 1900 start that we have the rest of the year.

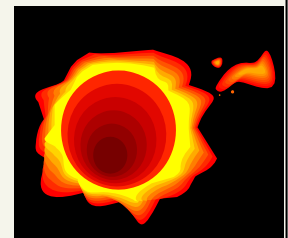

Following the Sermon on the Mount is Pauls Dirty Enduro. Joe **VE3VGJ** is organizing that event and it is being held on Saturday September 21st. If you are able to help out with that event please let Joe **VE3VGJ** know. All you need for that event is a handheld radio as well. If you have a mobile radio that can be plugged into a cigarette lighter and an external antenna please bring it along too because we will use the mobile radios and external antennas in the food trucks that go from feedzone to feedzone.

Well that's it for me. Enjoy the newsletter and I will see those of you participating in Ride 4 United Way at the event and those who aren't going to Ride 4 United Way at the Sermon on the Mount in September

At The Helm

Good afternoon everyone,

Just want to update everyone on our final score and submission to ARRL for Field Day.
The numbers are:

Total CW QSO's: 300 x 2 = Total CW QSO points : 600

Total Phone QSO's : 120 x 1 = Total Phone QSO points : 120

Total QSO Points : 720

Power multiplier is 2 which gives us a Claimed Score : **1440**

We also had a total of 850 Bonus Points which gives us a submitted score of **2290**

Overall I thought it was a great event considering the small numbers we had out and we were short a transceiver for a while due to technical problems.

I would like to thank everyone for all their hard work, Doug for all the grass cutting and hanging out all weekend helping out, and as usual Stan, Bob and Ralph did their usual great job and Stan's antenna worked great. Peter Johns was there and helping out and also supplied a Radio when one failed thanks Peter and Martha for all the hard work, shopping and cooking for us and all the other stuff you did which helped us get the extra Bonus Points and Clint for setting up the network and station and antenna's (under adverse conditions). Also Tony for dropping by and doing some operating always glad to see members come out and grab a mic. Luis was there helping out as usual and brought that delicious treat from his wife (many thanks Luis). Thanks to Margaret and Nick they always come out and drop by at our events offering support and it is always nice to see them and we even had Laird come by and brought us some food also, one of these days we'll get him operating on HF.

Don't want to drag this on too long so again thank you to everyone for your hard work and I hope everyone has a great summer and we will talk to you soon.

Ride 4 United Way Found on Twitter

Well everyone Ride 4 United Way is on Twitter. I'm sure we should've been able to figure that one out hihi!!

Because they are on Twitter, I follow them as well as the United Way and vice versa I have included the 1 min "Promo" video link for Ride 4 United Way 2013 in this newsletter as well as a 3 to 5 min video taken by one of the 160k riders from Ride 4 United Way 2012. Both of these videos are amazing and I'm sure you will enjoy them as much as I did.

Interested in helping with this event contact Joe **VE3VGJ** to sign up. Details are as follows

Date: September 21st 2013.

Time: Meet at the 5th Wheel Truck Stop HWY 401 and Durham Rd 57 (Waverly Rd) offramp in Bowmanville ON for 6:00in the morning. After we meet up there, have breakfast, and get briefed on our assignments we head to the Ganaraska Forest Center (GFC for short) and our respective checkpoints from there. End time varies on checkpoint if out at South FeedZone or East FeedZone you're starting later in the day and working till closer to dinner time. If at West FeedZone you start earlier in the day and are done earlier. If in a foodtruck or with St. John Ambulance you are at the GFC for the bulk of the day and are dispatched from there in the respective vehicles as needed.

Equipment Requirements: Access to a handheld radio. If you have a mobile radio that can be plugged into a cigarette lighter and an external magmount antenna bring that along we can use it in the foodtrucks.

Volunteer Requirements: He is looking for 15 or more volunteers. 15 volunteers is the minimum needed. More would be nice

Questions: Contact Joe **VE3VGJ** and he would be more than happy to answer them for you.
